USAID
FROM THE AMERICAN PEOPLE

Maternal and Child
Survival Program

USAID's ***Child Survival and Health Grants Program***'s community-based projects have contributed to ending preventable child and maternal deaths in 65 countries.

Oumaimatou Saidou/Concern Worldwide

Engaging communities empowers local health workers.

Through the ***Lahiya Yara Child Survival Project*** in Niger's Tahoua Region, Concern Worldwide established 48 Care Groups with 507 Mother Leaders who educated their neighbors about children's health and illness prevention.
